MEDICAL FEE DISPUTE RESOLUTION FINDINGS AND DECISION

GENERAL INFORMATION

Requestor Name

Doctor's Hospital of Laredo

Respondent Name

Old Republic General Insurance

MFDR Tracking Number

M4-15-1440-01

Carrier's Austin Representative

Box Number 44

MFDR Date Received

January 13, 2015

REQUESTOR'S POSITION SUMMARY

Requestor's Position Summary: "Since TDI moved to a 200% of MAR for outpatient services on 3/1/08 for hospital claims, we have reviewed the Medicare allowance and decided the insurance reimbursement does not meet this criteria."

Amount in Dispute: \$230.37

RESPONDENT'S POSITION SUMMARY

Respondent's Position Summary: "Our bill audit company has determined no further payment is due."

Response Submitted by: Gallagher Bassett, 6404 International Parkway, Suite 2300, Plano, TX 75093

SUMMARY OF FINDINGS

Date(s) of Service	Disputed Services	Amount In Dispute	Amount Due
February 14, 2014	Outpatient Hospital Services	\$230.37	\$0.00

FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and all applicable, adopted rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

1. 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
2. 28 Texas Administrative Code §134.403 sets out the fee guidelines for outpatient acute care hospital services.
3. The services in dispute were reduced/denied by the respondent with the following reason codes:
 - 97 – The benefit for this service is included in the payment/allowance for another service/procedure that has already been adjudicated
 - 193 – Original payment decision is being maintained

Issues

1. What is the applicable rule for determining reimbursement for the disputed services?
2. What is the recommended payment amount for the services in dispute?
3. Is the requestor entitled to reimbursement?

Findings

1. 28 Texas Administrative Code §134.403 (f) states, “The reimbursement calculation used for establishing the MAR shall be the Medicare facility specific amount, including outlier payment amounts, determined by applying the most recently adopted and effective Medicare Outpatient Prospective Payment System (OPPS) reimbursement formula and factors as published annually in the Federal Register. The following minimal modifications shall be applied. (1) The sum of the Medicare facility specific reimbursement amount and any applicable outlier payment amount shall be multiplied by: (A) 200 percent; unless (B) a facility or surgical implant provider requests separate reimbursement in accordance with subsection (g) of this section, in which case the facility specific reimbursement amount and any applicable outlier payment amount shall be multiplied by 130 percent. (2) When calculating outlier payment amounts, the facility's total billed charges shall be reduced by the facility's billed charges for any item reimbursed separately under subsection (g) of this section. Review of the submitted medical claim finds implantables is not applicable to this dispute.
2. Under the Medicare Outpatient Prospective Payment System (OPPS), each billed service is assigned an Ambulatory Payment Classification (APC) based on the procedure code used, the supporting documentation and the other services that appear on the bill. A payment rate is established for each APC. Depending on the services provided, hospitals may be paid for more than one APC per encounter. Payment for ancillary and supportive items and services, including services that are billed without procedure codes, is packaged into payment for the primary service. A full list of APCs is published quarterly in the OPPS final rules which are publicly available through the Centers for Medicare and Medicaid Services (CMS) website. Reimbursement for the disputed services is calculated as follows:
 - Procedure code 73030 has a status indicator of X, which denotes ancillary services paid under OPPS with separate APC payment. These services are classified under APC 0260, which, per OPPS Addendum A, has a payment rate of \$57.35. This amount multiplied by 60% yields an unadjusted labor-related amount of \$34.41. This amount multiplied by the annual wage index for this facility of 0.7951 yields an adjusted labor-related amount of \$27.36. The non-labor related portion is 40% of the APC rate or \$22.94. The sum of the labor and non-labor related amounts is \$50.30. The cost of these services does not exceed the annual fixed-dollar threshold of \$2,900. The outlier payment amount is \$0. The total Medicare facility specific reimbursement amount for this line is \$50.30. This amount multiplied by 200% yields a MAR of \$100.60.
 - Procedure code 23650 has a status indicator of T, which denotes a significant procedure subject to multiple-procedure discounting. The highest paying status T procedure is paid at 100%; all others are paid at 50%. This procedure is paid at 100%. These services are classified under APC 0138, which, per OPPS Addendum A, has a payment rate of \$173.46. This amount multiplied by 60% yields an unadjusted labor-related amount of \$104.08. This amount multiplied by the annual wage index for this facility of 0.7951 yields an adjusted labor-related amount of \$82.75. The non-labor related portion is 40% of the APC rate or \$69.38. The sum of the labor and non-labor related amounts is \$152.13. The cost of these services does not exceed the annual fixed-dollar threshold of \$2,900. The outlier payment amount is \$0. The total Medicare facility specific reimbursement amount for this line is \$152.13. This amount multiplied by 200% yields a MAR of \$304.26.
 - Per 28 Texas Administrative Code §134.403 (d) “For coding, billing, reporting, and reimbursement of health care covered in this section, Texas workers' compensation system participants shall apply Medicare payment policies in effect on the date a service is provided...”. Procedure code 29240 is described as, “Strapping; shoulder” and was submitted with modifier -59. Review of the submitted medical documentation finds;
 - Page 2 of 3 “ED Clinical Summary”; Instructions provided: “Shoulder immobilizer; dislocated shoulder” “The physician or a medical professional under the physician's direction performs strapping with tape on a patient of any age.”

The Division finds the submitted documentation does not support a separate and distinct procedure was performed. No additional payment can be recommended.

 - Procedure code 99285 has a status indicator of Q3, which denotes conditionally packaged codes that may be paid through a composite APC if OPPS criteria are met; however, review of the submitted information finds that the criteria for composite payment have not been met. Therefore, this line may be paid separately. These services are classified under APC 0616, which, per OPPS Addendum A, has a payment rate of \$455.93. This amount multiplied by 60% yields an unadjusted labor-related amount of \$273.56. This amount multiplied by the annual wage index for this facility of 0.7951 yields an adjusted labor-related amount of \$217.51. The non-labor related portion is 40% of the APC rate or \$182.37. The sum of the labor and non-labor related amounts is \$399.88. The cost of these services does not exceed the annual fixed-dollar threshold of \$2,900. The outlier payment amount is \$0. The total Medicare facility specific reimbursement amount for this line is \$399.88. This amount multiplied by 200% yields a MAR of \$799.76.
3. The total allowable reimbursement for the services in dispute is \$1,204.62. This amount less the amount

previously paid by the insurance carrier of \$1,204.63 leaves an amount due to the requestor of \$0.00. No additional reimbursement can be recommended.

Conclusion

For the reasons stated above, the Division finds that the requestor has not established that additional reimbursement is due. As a result, the amount ordered is \$0.00.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code §413.031, the Division has determined that the requestor is entitled to \$0.00 reimbursement for the disputed services.
